#### Technical data:

|   |   |                             |
|---|---|-----------------------------|
| Type of display / LED                         |   | Yes                         |
| Type of mounting                              |   | modular installation device |
| Switching capacity real power                 | W | 460                         |
| Breaking capacity current                     | A | 2                           |
| Bus system / can be used / EIB/KNX            |   | Yes                         |
| Bus system / usable / RF bus system           |   | No                          |
| Bus system / usable / Powernet bus system     |   | No                          |
| Bus system / usable / LON bus system          |   | No                          |
| Number of pitch units for width               |   | 4                           |
| Number of switching outputs / maximum         |   | 8                           |
| Operating current / rated value               | A | 2                           |
| Operating voltage                             |   |                             |
| • rated value                                 | V | 230 ... 230                 |
| Product function / direct operation           |   | Yes                         |
| Product component / integrated / Bus coupling |   | Yes                         |
| Protection class IP                           |   | IP20                        |

#### Certificates/approvals:

General Product  
Approval

Declaration of Conformity
